Facts vs. Fiction. BY A DEMOCRAT OF SOUTHWEST VIRGINIA. The vast majority of the people of Virginis are governed in their views and political preferences by reason, and not by prejuoffile, Boots, Silots, dice. He has called no semblage of the people, from the people writed an attack open the democratic he wites an attack upon the democratic larform, but offers no substitute therefor. Is he the republican party, that he should do the? Is such conduct republicanism, democracy, or autocracy (one man-ism)? Manifestly the latter. Are the free and high spirited Virginians thus to be dragged, or driven. like the cattle of the field? Virginians, first at the birth of the nation, first to rebuke tyranny, to your own selves be true, and forever shake off the self imposition of any one man as your leader, especialion of any one man as your leader, especial y when such leadership is for his own gain and that ONLY. He attacks every-thing! He attacks what the democrats have

not for Mahone? Then if there is no war of principles, as I said above it is democracy principles, as I said above it is democracy against Mahoneism. Choose ye, men of the orbit old State, which ye will espouse! Now, then, what has democracy done, and what is democracy now doing, that the pershould continue their support? The administration of Grover Cleveland has re-established the most cordial and fraternal feelings between the North and the South, the South-Virginia-has representatives in fereign countries who will truthfully rep-cesent us, and induce capital and immigration to flow southward, asyou sceit is doing. thlic lands are being wrested from the grasp of monopolists and restored to the peoole, their just heritage. The democrats 1883 without increase of iaxation, and kept the machinery of government going, kept he free schools running, established normal Asylum in Smyth county, and made appropriations to finish and complete the colored asylum at Petersburg. The labor plank in the democratic platform is all that intelligible to the colored asylum at Petersburg.

The pubthe schools are dear to the whole people, and deserve to be festered and protected. The lemocratic party has been faithful to the control of the lemocratic party has been faithful to the lemocratic deserve to be fostered and protected. The democratic party has been faithful to this trust. Here are the facts: The apportionment of State funds to public schools for 1886-7 is \$812,880 90, larger by \$19,000.00 than in any year since they were beened. Again: Iu 788-4 there were 6,350 schools; in 786-7 there are 6,763 schools; a gain of 413. Also under democratic rule there is an increase in the value of school property to the amount of \$246,506.80. Thus is the system growing and becoming more useful and efficient. No one is crying hard times in all the Southwest to-day, unless as a blind for party effeet. This partisan outery is drowned by the great wave of prosperity that is sweeping over the entire South. What ere the facts? More millions of Northern capital have been invested in the South under Cieveland's administration than thousands during Haves'
